

Hardness	58 HRC
Sheath	Handmade black leather
Steel	440C Stainless
Handle	Black - Green micarta
Туре	Full Tang hunter - Bushcraft

4mm German (Lohmann[®]) steel. 440c stainless steel is the highest quality in the stainless steel industry

3x solid brass pins hammered to ensure handle - blade stability even in the toughest conditions.

22.5" hand shepherd edge gives the blade a razor sharp edge without compromising its stability for bushcraft applications.

Double grooves for better control and precise cutting.

Green – Black Spanish canvas micarta ensures a smooth grip as well as resistance to all environmental conditions.

ASG is a Near East University initiative
